EXECUTIVE DIRECTOR MESSAGE

Dear Starr County Residents:

The Area Health Education Center of the Mid Rio Grande Border Area of Texas, Inc. (AHEC) is excited to share this Health and Social Services Directory. It is designed to help all residents navigate the system for improved access to health and social services, thus contributing to an improved quality of life.

In March 2022, the AHEC introduced its menu of programs to Starr County. Shortly after, AHEC started collaborating with numerous agencies and individuals to offer health education, health screenings, and referrals to social services through a series of trainings, presentations, health fairs, and community events. In addition, the Starr County Health Coalition was formed and has continued meeting to network and share information to better serve the community. The objective of these activities is to encourage community members to be part of a movement aimed at empowering people with information, enabling them to make informed decisions about their families' health and well-being. We, the AHEC team, invite you to review and share the contents of this directory with every resident in the community. It is available at strategic locations throughout Starr County and via our website www.midriograndeborderahec.org.

This "living" directory represents an array of agencies committed to serving Starr County. We acknowledge the tremendous support received by everyone in Starr County who has been instrumental in our delivery of the AHEC services throughout the County. Special gratitude to the Starr County leaders for your trust in AHEC to make Starr County our hybrid home. We are grateful for the financial support received from the Texas Department of State Health Services Office of Border Public Health, Region 11, for making this project possible.

Sincerely,

Julie Bazan, PhD, MHA, CHW
Executive Director

ABOUT US

The Mid Rio Grande Border Area Health Education Center (MRGB AHEC) is an outreach program under the UT Health San Antonio and is a non-profit 501(c)3 organization with a mission to enhance the quality of life in the communities by increasing the number of well-trained health care workers; enhancing academic resources; and fostering a healthy lifestyle through community education programs. The (MRGB AHEC) was established in 1993 by a group of Laredo community leaders and the University of Texas Health Science Center at San Antonio to help address the growing need for health care professionals and academic resources in the region.

The MRGB AHEC Board of Trustees is composed of stakeholders in the community, including health care providers, representatives of educational institutions, representatives of health care facilities, representatives from the city and county government, and community leaders. Over the years, the valuable input offered by these leaders, and those from other industries, has allowed for a strong foundation that motivates the MRGB AHEC Board and staff to develop programs in health literacy, health career promotion and continuing education aimed at achieving the MRGB AHEC mission. AHEC's service area includes Webb, Zapata, Jim Hogg, La Salle, Duval, Dimmit, Starr, and Willacy counties. The MRGB AHEC Board ensures that all programs help to meet the needs of the region through three programmatic areas: Health Careers Opportunity Programs for students enrolled in kindergarten thru college level; Continuing Education Programs for practicing providers; and Community Health Literacy Programs for families, veterans, and residents of South Texas.

MISSION STATEMENT

To enhance the quality of life of our communities by:

Increasing the number of well-trained healthcare workers in the region.

Enhancing academic resources for existing healthcare providers.

Fostering a healthy lifestyle through community education programs.

Services

This intensive three semester program offers classroom instruction and related clinical practice in the four basic areas of nursing care: adults, mothers and newborns, children, and the elderly. Graduates of this program will have a wide array of opportunities for providing nursing care for patients in structured health care settings. Patients cared for by Vocational Nurses typically are experiencing common, well-defined health problems with predictable outcomes. Students seeking entry in the Vocational Nursing program must file a specific program on-line application and complete additional admission procedures as required (see VN advisor for specific criteria, courses and procedures).

Servicios

Este programa intensivo de tres semestres ofrece instrucción en el aula y práctica clínica relacionada en las cuatro áreas básicas de cuidado de enfermería: adultos, madres y recién nacidos, niños y ancianos. Los graduados de este programa tendrán una amplia variedad de oportunidades para brindar atención de enfermería a pacientes en entornos de atención médica estructurados. Los pacientes atendidos por enfermeras vocacionales típicamente están experimentando problemas de salud comunes y bien definidos con resultados predecibles. Los estudiantes que buscan ingresar al programa de Enfermería Vocacional deben presentar una solicitud específica en línea y completar procedimientos adicionales de admisión según sea necesario (consulte al asesor de VN para conocer los criterios específicos, cursos y procedimientos).

Services

Su Clinica Harlingen offers a comprehensive range of medical services for individuals and families. Within its facility, four distinct "mini-clinics" operate seamlessly: Pediatrics, Women's Health Center, Adult Medicine, and Dental. Additionally, patients benefit from on-site amenities such as a pharmacy, laboratory, x-ray facilities, and evening clinics. The clinic prioritizes patient convenience by providing a secure patient portal, enabling individuals to access their medical records, schedule appointments, and communicate with their healthcare providers securely.

Fees

Fees are evaluated individually. Various insurances are accepted.

Servicios

Workforce Solutions demuestra un compromiso de servir a la comunidad durante tiempos desafiantes. Se anima a los clientes a visitar su sitio web en wfsolutions.org o llamar al 956-928-5000 para programar citas. La organización asegura la disponibilidad de recursos para ayudar a padres, estudiantes, empleadores y la comunidad. Workforce Solutions ofrece visitas de oficina limitadas con cita previa y métodos alternativos de entrega de servicios, incluida la asistencia remota por teléfono, correo electrónico y chat en vivo en su sitio web.
