EXECUTIVE DIRECTOR MESSAGE

Dear Willacy County Residents:

The Area Health Education Center of the Mid Rio Grande Border Area of Texas, Inc. (AHEC) is excited to share this Health and Social Services Directory. It is designed to help all residents navigate the system for improved access to health and social services, thus contributing to an improved quality of life.

In March 2022, the AHEC introduced its menu of programs to Willacy County. Shortly after, AHEC started collaborating with numerous agencies and individuals to offer health education, health screenings, and referrals to social services through a series of trainings, presentations, health fairs, and community events. In addition, the Willacy County Health Coalition was formed and has continued meeting to network and share information to better serve the community. The objective of these activities is to encourage community members to be part of a movement aimed at empowering people with information, enabling them to make informed decisions about their families' health and well-being. We, the AHEC team, invite you to review and share the contents of this directory with every resident in the community. It is available at strategic locations throughout Willacy County and via our website www.midriograndeborderahec.org.

This "living" directory represents an array of agencies committed to serving Willacy County. We acknowledge the tremendous support received by everyone in Willacy County who has been instrumental in our delivery of the AHEC services throughout the County. Special gratitude to the Willacy County leaders for your trust in AHEC to make Willacy County our hybrid home. We are grateful for the financial support received from the Texas Department of State Health Services Office of Border Public Health, Region 11, for making this project possible.

Sincerely,

Julie Bazan, PhD, MHA, CHW
Executive Director

ABOUT US

The Mid Rio Grande Border Area Health Education Center (MRGB AHEC) is an outreach program under the UT Health San Antonio and is a non profit 501(c)3 organization with a mission to enhance the quality of life in the communities by increasing the number of well-trained health care workers; enhancing academic resources; and fostering a healthy lifestyle through community education programs. The (MRGB AHEC) was established in 1993 by a group of Laredo community leaders and the University of Texas Health Science Center at San Antonio to help address the growing need for health care professionals and academic resources in the region.

The MRGB AHEC Board of Trustees is composed of stakeholders in the community, including health care providers, representatives of educational institutions, representatives of health care facilities, representatives from the city and county government, community leaders. Over the years, the valuable input offered by these leaders, and those from other industries, has allowed for a strong foundation that motivates the MRGB AHEC Board and staff to develop programs in health literacy, health career promotion and continuing education aimed at achieving the MRGB AHEC mission. AHEC's service area includes Webb, Zapata, Jim Hogg, La Salle, Duval, Dimmit, Starr, and Willacy counties. The MRGB AHEC Board ensures that all programs help to meet the needs of the region through three programmatic areas: Health Careers Opportunity Programs for students enrolled in kindergarten thru college level; Continuing Education Programs for practicing providers; and Community Health Literacy Programs for families, veterans, and residents of South Texas.

MISSION STATEMENT

To enhance the quality of life of our
communities by:

Increasing the number of well-trained
healthcare workers in the region.

Enhancing academic resources for
existing healthcare providers.

Fostering a healthy lifestyle through
community education programs.

Servicios

Durante los últimos 38 años, el Banco de Alimentos del Valle del Río Grande ha evolucionado para convertirse en la organización benéfica regional más grande, no religiosa, en el sur de Texas. Nos enorgullece el hecho de que el 98% de nuestros gastos se destinan a Servicios del Programa, asegurando que las contribuciones de nuestros donantes estén ayudando a alimentar a la mayor cantidad posible de personas. El Banco de Alimentos del Valle del Río Grande atiende a los condados de Cameron, Hidalgo y Willacy. El Banco de Alimentos del Valle del Río Grande es un orgulloso miembro de Feeding America y Feeding Texas.

Visión: Acabar con el hambre y apoyar una calidad de vida saludable en el Valle del Río Grande.

Servicios

Nuestras instalaciones traen agencias para atender a nuestra comunidad para aquellos que pueden no tener los medios para llegar a una cita o que estén demasiado lejos para otros. Por lo tanto, las agencias vienen a nuestras instalaciones y proporcionan los servicios, como llenar aplicaciones para SNAP, TANF y CHIP, revisar la presión arterial y los niveles de azúcar, Medicaid/Medicare, y también proporcionan información sobre otras agencias que puedan ser de ayuda. Además, ofrecemos actividades como artesanías, costura, distribución de alimentos, campañas de ropa y brindamos acceso a computadoras para padres, estudiantes y la comunidad.

Services

Valley AIDS Council (VAC) serves as the leading provider of HIV prevention, education, and testing services in the three-county area spanning from the lower Rio Grande Valley to the US/Mexico border. As the sole recipient of Ryan White funding in this region, VAC offers essential medical care and supportive services for individuals living with HIV. Additionally, VAC provides free HIV/STI testing, condoms, harm reduction kits, and access to housing resources, ensuring comprehensive support for HIV prevention, testing, and care, while also addressing broader needs such as housing assistance.

Servicios

Valley AIDS Council (VAC) sirve como el principal proveedor de servicios de prevención, educación y pruebas del VIH en el área de tres condados que se extiende desde el valle inferior del Río Grande hasta la frontera entre Estados Unidos y México. Como único receptor de fondos de Ryan White en esta región, VAC ofrece atención médica esencial y servicios de apoyo para personas que viven con VIH. Además, VAC proporciona pruebas gratuitas de VIH/ITS, condones, kits de reducción de daños y acceso a recursos de vivienda, asegurando un apoyo integral para la prevención, pruebas y atención del VIH, al tiempo que aborda necesidades más amplias como la asistencia de vivienda.
